03 *COLD BREW* ★
water: 17oz (500ml) / time: 12~24hrs /
temperature: cold water / refrigerator

Osmanthus Oolong

Jin Xuan Oolong Tea is a celebrated Taiwanese cultivar developed in 1981 by the Tea Research and Extension Station. It is highly prized by both beginners and connoisseurs for its incredibly unique, comforting sensory profile.

Aroma
Aromatic and sweet, the dry and wet leaves emit a distinct milky and lightly toasted nut fragrance as soon as they are introduced to heat.

Texture
It boasts a remarkably silky, smooth, and rich mouthfeel. The liquor feels dense and almost oily on the palate, leaving a lingering sweetness.
